# ABOUT US

## THE HIGHEST QUALITY MEDICAL SUPPLIES

We spare nothing when it comes to innovation, affordability and accessibility in cutting edge healthcare for all classes, delivering service to keep your equipment performing at its optimal level. Our technological advancements are suitable for hospitals, individual healthcare providers, independent clinics, extended care facilities and laboratories, catering to healthcare needs in multiple verticals like in-vitro diagnostics, imaging & radiology, critical care & OT Solutions, and Newborn screening, Radiation Protection Products and hospital furniture.

## WHY WORK WITH US?

**Timely, world-class medical equipment advisory**

**We focus on your continuous growth**

**We share in the clinical risks and success through managed medical services and improve your health-care balance sheet through financing solutions**

**We offer flexibility in medical and clinical solutions**

**We ease the pressure of medical purchases**

**Support optimal clinical operations through staff up-skilling**

# WHAT WE DO

**We assist medical facilities to set up, expand and upgrade operations, through technical solutions in medicine and patient management, advisory and planning services, supply of advanced medical equipment and ongoing training technical/service support.**

## Advisory & Planning

**The patient is as important to us as they are to you. We support you in the broader hospital objective by identifying suitable and compliant medical technology, not just**

## Medical Equipment Supply

**The patient is as important to us as they are to you. We support you in the broader hospital objective by identifying suitable and compliant medical technology, not just medical equipment supplies.**

# WHAT WE DO

## Equipment Financing

Control over your capital with a fixed budget line, freeing you to invest in profitable medical equipment. After the loan is paid off, you own the equipment.

## Managed Services

Transfer clinical risk to us and focus on patient care with fully managed medical services—including equipment purchase, installation, management, replacement, and support at an affordable price.

## Equipment Leasing

Equipment leases last 2 to 6 years and aid in organizational growth, allowing you to swap old medical equipment or upgrade as it becomes obsolete.

## OUR MEDICAL EQUIPMENT SOLUTIONS

### Laboratory Equipment

Advanced In-Vitro Diagnostics (IVD) and laboratory systems designed for accurate clinical testing and research. The range includes high-precision clinical chemistry and haematology analysers, immunology instruments, histopathology and cytology tools, newborn screening systems, and essential laboratory consumables.

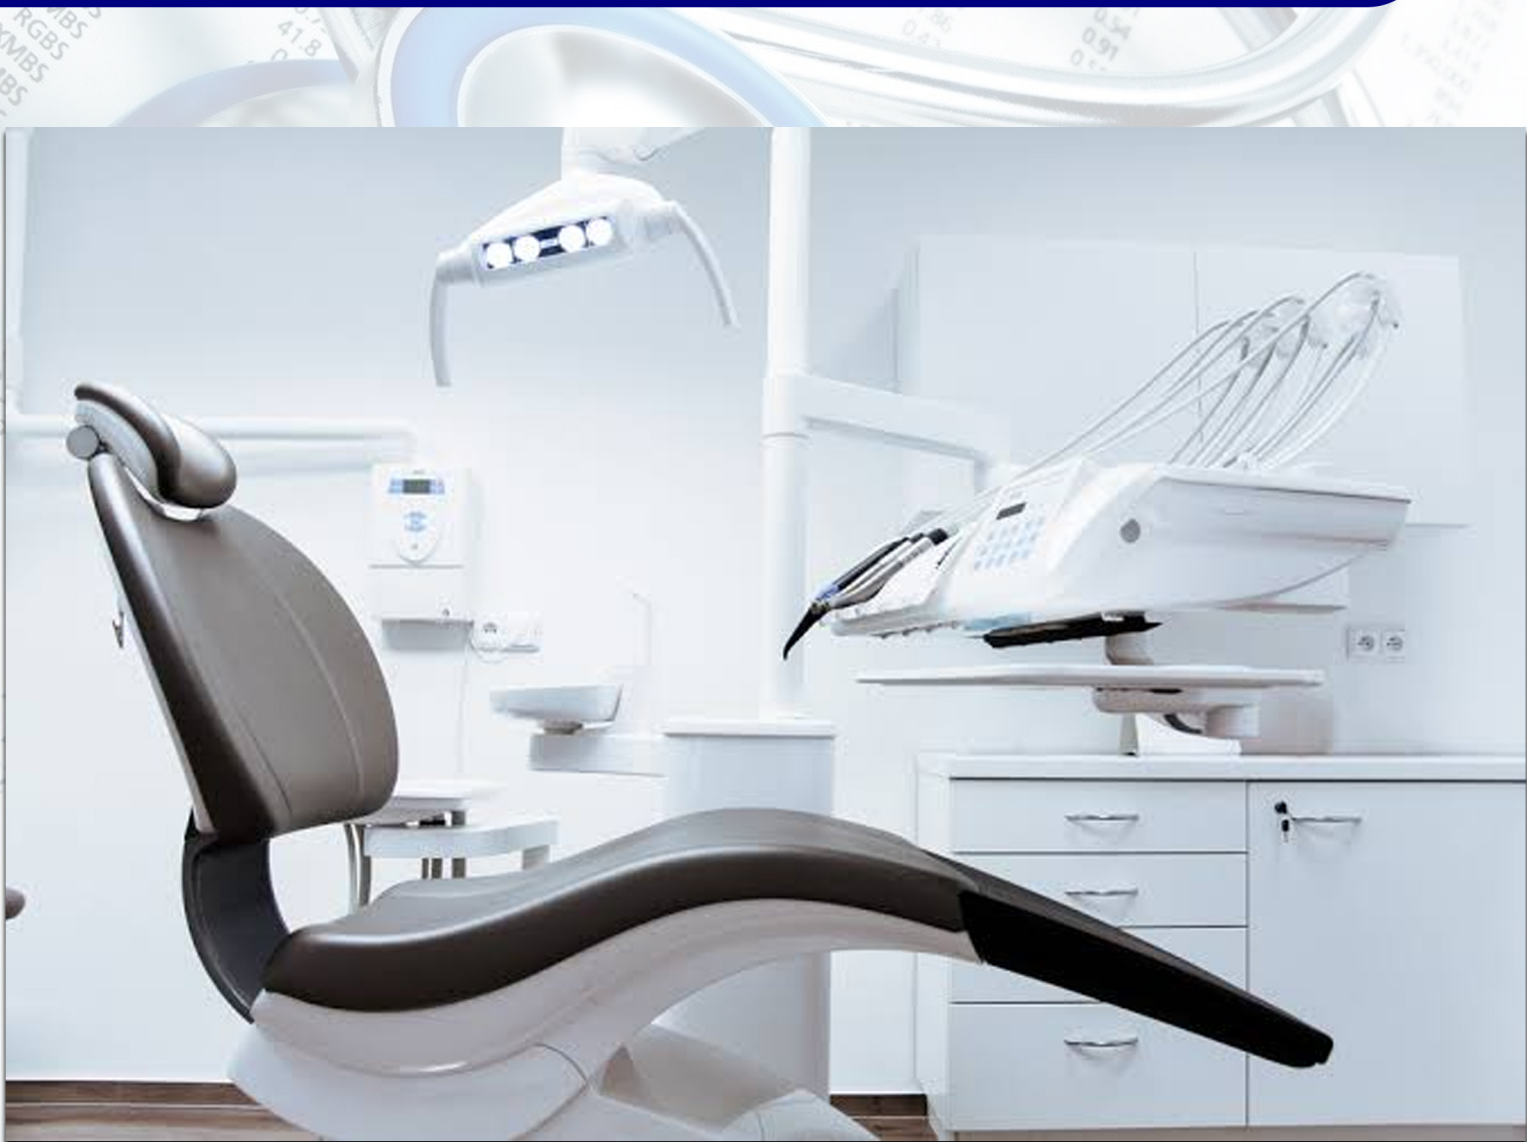

## OUR MEDICAL EQUIPMENT SOLUTIONS

### Dental Chairs

Ergonomic and reliable dental operator chairs engineered for optimal patient comfort and clinical efficiency. Designed to support seamless workflow for practitioners during routine procedures, diagnostics, and advanced dental care.

## OUR MEDICAL EQUIPMENT SOLUTIONS

### Theatre Equipment

Comprehensive operating theatre solutions built to enhance surgical precision and patient safety. Includes advanced surgical imaging, patient monitoring systems, modular infusion and syringe pumps, ECG recorders, defibrillators, and critical life-support setups tailored for surgical environments.

## OUR MEDICAL EQUIPMENT SOLUTIONS

### Renal Equipment

Complete dialysis infrastructure tailored for specialized renal care units. Solutions include high-performance water treatment systems, electric dialysis chairs, customized dialysis configurations, and critical monitoring tools to ensure safe and effective patient treatment.

## OUR MEDICAL EQUIPMENT SOLUTIONS

### Radiology & Imaging Equipment

State-of-the-art medical imaging technologies for accurate diagnostics and radiation safety. The lineup features digital mammography, DEXA systems, color Doppler ultrasound, surgical radiography, radiation protection shields/aprons, diagnostic monitors, and high-quality imaging consumables.
